Dear Parents and Guardians,

Your child will be bringing home a progress report on November 6th.

Interviews will take place on November 16th and 17th.

When you receive the report, it is a good time to sit down with your child and discuss some goals. Goals can be Academic (subject)-based and/or Learning Skills-based. They can be short-term (until Term 1 report in February) or long-term (end of June). Ensure that the goals are challenging yet attainable. Spend some time discussing how you will monitor these goals with your child and how you will know your child has been successful in meeting these goals!

We encourage you to share these goals with your child's teacher at the Parent-Teacher interview so that you work in partnership to improve your child's education. Therefore, it is important to schedule a time to meet with your child's teacher in November.
